Dear Mr. Neuman,

First of all, I would like to express a sincerely spoken "Thank You" on behalf of the Missouri Numismatic Society for attending our meeting and acting as Guest Speaker. I realize that your time is at a minimum but it is always a pleasure to hear you speak or debate on any Numismatic matter.

Secondly, I would like to express how much I admire, and respect your deep convictions, and your courage to express your opinion on any knowledgable subject. You really do command an audience's attention. It seems that today in this face-paced world, too many of us are a little afraid to make our voices heard, or fear we may be make a fool of, and our pride hurt. It's really inspiring to talk or listen to you, and I hope you will always champion the Numismatic causes for us.

The Best of Luck to you.

Best regards,

Mary Munie

Dear Eric:

It gives me great pleasure to add yet another to your growing stock of American Numismatic Association Educational Award Certificates -- this time for your most realistic and informative presentation of "The Numismatic History of the Mormons" at the Monday, 27 April 1970 meeting of the Missouri Numismatic Society at Bel Air, West.

I am sure you will agree that the attention accorded you by the 50 attending members and guests indicated the high interest in your narrated slides tracing the Mormon trek westward through Numismatics, and in your accompanying exhibits. To my knowledge, yours was our society's introduction to this colorful area of Numismatics related so vividly to the Mormon economic structure as it began, nurtured, and changed.

Your added narrated Galapagos Islands slides (presented by request!) were delightful, and I am sure that had the opportunity presented itself, practically everyone there would have taken off for the islands in short order.

Thank you so much, Eric, for taking the time to assemble and present this stimulating program. We want, too, to express once again our society's appreciation for your continuing effective cooperation through your many significant and varied contributions which do so much toward insuring the perpetuity of our society in the founding of which you played such an important part so many years ago. We are all most grateful.

Sincerely,

Bernice Stevenson

Many thanks, Eric, for that most interesting program you gave at our June M x S meeting.

Guess its reception was unquestionable judging from the response.

You always do such a great job and as I've said so often — M x S x Numismatics are so very lucky to have you. You are most generous with your time and knowledge sharing.

John joins me in sending best personal regards to you and your charming wife.

Most sincerely,

FACT SHEET CONCERNING THE AMERICAN NUMISMATIC ASSOCIATION
(As of August 1972)
- - - - - - - - - - - - -

(Extracted from the ANA monthly publication, "The Numismatist", August 1972 issue).

"The American Numismatic Association, an educational and non-profit organization, is the largest and most active numismatic body in the world. It invites and welcomes to membership all worthy persons eleven years of age or over, who have a sincere interest in numismatics, whether they collect coins, paper money, tokens or medals, whether advanced collectors or only those generally interested in the subject without being collectors. The association was founded in 1891, and has about 28,000 members from every state in the Union and many foreign countries. It was chartered for fifty years by Act of Congress May 9, 1912; renewed in perpetuity by Act of Congress April 10, 1962 and is a mutual organization for the benefit of its members."

Various awards are presented annually in the following categories:

The association's highest award -- THE FARRAN ZERBE AWARD.
Highest award presented annually for Outstanding and Distinguished Service to the American Numismatic Association and to Numismatics.

MEDALS OF MERIT -- Awarded annually by the ANA Executive Board for Distinguished Service.

HEATH LITERARY AWARD -- Presented annually to authors whose work has been selected from articles appearing in The Numismatist during the previous calendar year. Elected officers of the ANA may win honorable mention; not medallic awards. First and second place medals are of engraved silver; third, fourth, fifth and sixth place medals are of engraved bronze.

HOWLAND WOOD MEMORIAL AWARD -- Highest Award presented annually for the "Best In Show" competitive exhibit.

YOUNG NUMISMATISTS AWARDS -- (All articles published in "The Numismatist")
Junior Literary Award.
Debbie Jane Gould Memorial Award for best article of research.
Outstanding Young Numismatist in ANA -- the most achievements.
Outstanding Adult Leadership Award
Lewis M. Reagan Memorial Award for best published article.
Special Merit - Outstanding Youth Manuscript of 1970.

GOLD MEDAL AWARD -- 50 years membership in the ANA.

SILVER MEDAL AWARDS -- 25 years membership in the ANA.

Eric - I didn't think mention of these awards in your biography would mean too much to your interview without some descriptive narrative, since I'm sure he knows little or nothing about the ANA

Bob

Sunday
5 August 1972

Hi, Eric -- Or should I say, "Radio Star"!

I am inclosing:

1 - Copy of my letter of 5 August 1972 to Jim Butler of Radio Station KMOX "At Your Service" program, along with a brief "Fact Sheet" describing to him the various ANA medals. I'm assuming he knows little or nothing about the ANA so thot I should send that along so your biography would carry more meaning to him (or your interviewer who may be either Jack Carney or Don Scott).

Please arrive at the station a little before 1PM and inform the receptionist that you are there for interview on the 1PM "At Your Service" program, and ask her to direct you to Jim Butler per his instructions.

Butler will be on the third floor. If the receptionist happens to be away from her desk, just go on up to that floor and ask directions to the "At Your Service" program broadcasting.

2 - A copy of our news release sent to newspapers, Radio Stations, and TV Stations, along with a copy of our Flyer giving times, dates, etc. Although your particular program will be one of questions and answers concerning Numismatics in general, please do give the Festival as much publicity as you can. I would be especially appreciative if you would mention the dates and times and location both at the beginning and end of your broadcast.

Also, if you could emphasize that MS. DOWNTOWN ST. LOUIS OF 1972 will cut a Money Ribbon at 9AM Saturday, 12 August, at the Main Ballroom entrance of the Gateway Hotel, we are hoping that might bring down the various news media with some resulting publicity Saturday night.

Also, one Mrs. Irma Littleton - 81 years of age - who attended the World's Fair, will participate as a Fair eye witness. I did not know this at the time I wrote up the news release so that is not mentioned in the release.

Use your own judgment about bringing down a couple of controversial or especially interesting Numismatic pieces, including perhaps one or more of the Fair issues. I thot this would provide a good lead-in and might stimulate Numismatic interest in the Radio Station personnel who usually gather around after the broadcast to look such items over -- or at least that has been my experience. If we can create some added interest, this I am sure will help us out in obtaining publicity for future Festivals.

(Over)

3 - A Red Book. We are giving each of our various interviewers on radio and TV a copy of the 1973 Red Book, along with a copy of our program and our wooden dollar created for this year's Festival. We suggest you give this to your actual interviewer. Actually, Bob Hardy and Jim Butler gave us the time, but we do not normally give out more than 1 copy. If you think we should give a copy to all three, please call me when you receive this and I will bring down a couple more copies.

* 4 - 3 copies of our Festival Program - 1 for your interviewer and 1 each for Hardy and Butler.

5 - A quantity of wooden dollars for your interviewer, Hardy, and Butler, and anyone else around such as the camera crew.

I know you will do your usual great job and I'll be listening.

Sooooooo many thanks for taking time out of your very busy schedule to do this for us, Eric. Especially so in view of your possible going out of town.

I was delighted to learn that you will once again present the ERIC P. NEWMAN TROPHY. That adds so much more meaning to the receiving person and importance to the event.

See you at the show!

Gratefully,

Bink

P.S. If for some unavoidable reason, you are going to be late, please call Mr. Butler at MAIN 1-2345.

* And a copy for you working Fair statistics which all of our publicity personnel is using. It is important that all of our publicity agrees. to enhance our credibility.

Eric: Please be at the Radio Station shortly before 1 PM, Wednesday.

Dear Mr. Butler:

Our society is most grateful to you and your station for providing time from 1:00 PM to 2:00 PM, Wednesday, 9 August 1972, for one of our representatives to appear on your "At Your Service" program to discuss Numismatics and inform the listening public briefly concerning details of our 11th Annual Coin Festival at the time and place shown above, with particular emphasis on the non-competitive display featuring "The St. Louis 1904 World's Fair In Review."

As told to you over the phone last Wednesday, our representative will be Eric P. Newman, Executive Vice President and Secretary of Edison Brothers Stores, Incorporated, St. Louis, noted numismatic author, lecturer, researcher, and educator.

Mr. Newman shies away from publicity but I thought you would want to know something about his numismatic background. Accordingly, I am inclosing an abbreviated biography, a Fact Sheet describing some of the numismatic awards which he has won, and an excerpt from the monthly American Numismatic Association publication, "The Numismatist", relating the awarding to him of that organization's highest award, The Farran Zerbe Award.

If I can be of any further help prior to Wednesday, please call me at the above number, or I may be contacted shortly before or after the KMOX-TV 5:00 o'clock News, Tuesday, 8 August, when I will participate.

Again, many thanks to you for your patient cooperation and indulgence. Please extend our thanks as well to Mr. Bob Hardy. You all do a tremendous job!

Eric, my numismatic friend!

I appreciate so much all of your cooperation and help, without which our annual MNS Coin Festivals could not possibly attain such heights, to say nothing of our year-to-year successes.

I am constantly amazed at your many and varied projects and accomplishments and your ever-present willingness and generosity in sharing your precious time, efforts, and knowledge, along with your many rare numismatic items, not only with the local numismatists, but universally. You are really one in a million, and John and I value your friendship highly.

As I've said so many times, and to ever so many people — including the various news media — surely your name will go down in our hobby's history as one of the great numismatists of our time.

↘

I hope you will never permit the criticisms of persons of less character and personal stature deter you from one of your many numismatic objectives and endeavors, for that would indeed be an irreplaceable loss to Numismatics. Our hobby needs you — and MNS needs you and your many friends need your continued and valuable guidance and support As for me! What would I do without you??? John joins me in sending our very best wishes and

Sincere thanks

Dear Eric and Dr. Vacca:

Dave Cooper and I, as well as MNS President Charlie Hileman, want personally to thank you for undertaking and furnishing the material for the featured exhibit, "Missouri's Numismatic Heritage" at our society's 12th Annual Coin Festival.

As you know, the festival will be staged Friday, Saturday, and Sunday, 17-19 August 1973 in the Main Ballroom and adjacent areas of the St. Louis Gateway Hotel at 822 Washington Avenue, St. Louis. Actual hours for public attendance will be

Friday, 17 August -- 4PM to 10PM
Sat., 18 August -- 9AM to 10PM
Sunday, 19 August -- 9AM to 5PM

Security will be furnished from noon Friday until 5PM Sunday.

The festival will be officially opened by a money ribbon cutting at 4PM, Friday, at which time hopefully the event will be covered by the various news media including the Press & TV by pre-tape. For that reason, your exhibit should be well in place preferably an hour or no later than a half hour prior thereto. In addition, one or both of you should be present to answer any questions which might be posed by the news media personnel since only the two of you will be sufficiently informed to do so. Along that line, the proximity of one or both of you throughout the festival hours, for that same reason, is highly desirable, unless, of course, your accompanying descriptive material is completely self-explanatory. I am sure you realize though that the news media would want personal interviews, particularly the TV in line with their live coverage. We are making a special effort to get someone with special public appeal to cut the ribbon as an added incentive for the news media to be present.

Messrs. Newman and Vacca 20 June 1973

I would like very much to issue a special news release highlighting your exhibit the first of July. For that purpose, could either or both of you (as the two of you decide), bring to the Tuesday, 26 June meeting (when Glenn Smedley will narrate medal slides accompanied by actual exhibits), the identification and related facts -- especially any human interest stories -- of some ten (10) of the pieces which your exhibit will include? Accompanying photographs for release to Coin World and Numismatic News Weekly also would be a decided plus value to the release. If from your experience you know that magazine pictures reproduce successfully, and you have such available, those could be used as a substitute. Otherwise, if you could either take such photos yourself, or have them made quickly, the MNS will reimburse you for related expenses.

Since time is of considerable essence -- particularly in consideration of the fact that our news releases are not always printed promptly -- if you cannot be at the meeting, I would be very grateful if you could and would mail the requested material to me so as not to delay the news release. I am well aware that photos do take time but perhaps the two of you either have such equipment available, or have contacts who could and would do such work for you quickly. If getting the photos is impossible, I will work with the description only. I am hopeful that you can and will furnish sufficient material to make such a news release sufficiently interesting to our "Press" friends. I intend to use the same material for our local News Media contacts which I plan to make in early July. Already we have promised been a 20-minute spot on the "St. Louis Illustrated" program which emanates from the studio of KMOX-TV, Saturday, 11 August, between the hours of 2:30PM and 4:00PM. The actual time will be firmed no later than the immediate preceding week.

I know we are making considerable demands on the time of two very busy gentlemen who, graciously, put themselves out to benefit our society. How fortunate we are to have two such generous and knowledgeable gentlemen among our ranks! If you could stretch your time to make some personal appearances and/or participation in various TV and/or radio spots covering our festival, it would be wonderful and a decided asset. I was hoping that you, Eric, could do the above-cited Saturday, 11 August, spot, and that you, Dr. Vacca, might fill another spot to be determined later. Do let me have your reaction to this request so I may proceed accordingly. I do hope your respective answers will be "Yes"!

I do want you both to know that I am prepared to cooperate in every way possible, including necessary typing, for your display. Just let me know so I can be of some real help. Again, so many thanks for your cooperation. You are just great!

I would like to do any required typing as soon as possible in the event that location, visitors, etc, might interfere later.

Most sincerely,

Bernice Stevenson (Mrs. John S.)
Asst. General Chairman

Hi, Eric --

Thought you might like a copy of this. Hope it meets with your approval. It reflects your suggested changes.

Nothing special (that I know of) happened at CSNS.

Good luck with your new book. You are soooooo smart!

Dear Mr. Newman:

This is to acknowledge the receipt of your book STUDIES ON MONEY IN EARLY AMERICA, which is valued at twenty-five dollars.

Your donation represents an important step in our program of establishing a comprehensive library of numismatic materials available to Missouri Numismatic Society members. Long range plans call for the acquisition of a building in which such a library could be made available to the general public on a restricted basis. The Missouri Numismatic Society is actively purchasing and seeking donations of desirable numismatic material, especially standard reference works. Our program is one of several methods the Missouri Numismatic Society is using to fulfill its commitment to the educational objective as stated in the Society's charter.

Again, the Missouri Numismatic Society wishes to express its sincerest appreciation for the donation of your book to the Society's library.

Dear Eric,

Thank you so much for your kind letter of April 5th. I especially appreciated your efforts at locating the Art Kelley and MNS historical items and material. I also appreciated your statements about B. G. Johnson -- I have added it to my notes taken during our visit last month.

follow up visit later this month. In that regard, I plan to be in St. Louis on April 24-25-26, 2009. If convenient, perhaps we could meet sometime during this time. For planning purposes, I could be available for a short visit on April 24 (early afternoon), April 25 (morning), or April 26 (late morning, or early afternoon). I will look forward to picking up the Kelley and MNS items for the club's historical records. It will also prove invaluable in our 75th anniversary history.

A personal note ...

I am enclosing several copies of the August 2008 MNS Journal, which contain the article I prepared about the CSNS educational seminar at your museum. (page 22 of the Journal).

Again, thank you for your kindness last month in sharing the early history of the MNS. The membership, and I, appreciate your information.

I will telephone you the week of April 20th to see if your schedule might work for a brief meeting later in that week.
